This year we are able to offer some free workshops thanks to our Natural Talent Apprenticeship programme.

All prices are per participant and include VAT at 17.5%.

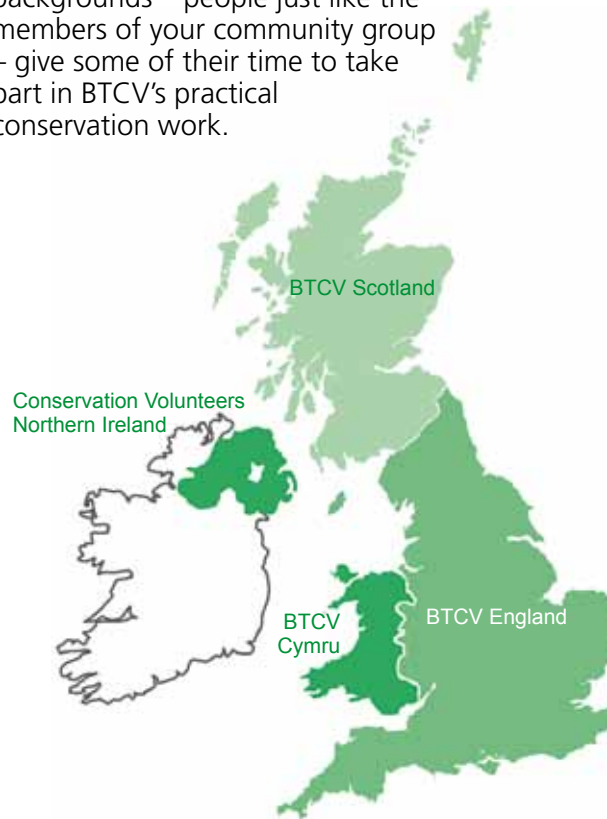

50% Discount for CLAN Full Paying Groups

Once again, this year we are able to support the learning of Community Groups in Scotland by offering this discount, thanks to grants from Scottish Natural Heritage and the Scottish Government. The Forum for Environmental Volunteer Activity (FEVA) also provides funding for this discount.

This discount is only available to BTCV Scotland Full CLAN Groups.

If your group is interested in becoming a CLAN Group, please contact Graham Burns on 0141 552 5294 or clan@btcv.org.uk

BTCV works throughout England, Wales, Scotland, Northern Ireland and around the world to bring about practical environmental change. Each year, 140,000 volunteers of all ages and backgrounds – people just like the members of your community group – give some of their time to take part in BTCV's practical conservation work.

inspiring people, improving places

Environmental Skills Training Programme

Welcome to our Training Programme. BTCV Scotland is committed to the training and development of individuals working and volunteering on community and environmental projects.

By supporting the development of community groups, volunteers and practitioners working in the community environmental sector, we hope to increase capacity to enable community projects to be planned and delivered in a safe and sustainable way.
