

**The Tree Life Centre is a community tree nursery which grows native British trees and shrubs, wildflowers and a range of different fruit and nut trees. Volunteers from many different backgrounds help to look after the nursery and to care for the plants.**

- The trees grown in our nursery are from seeds and cuttings collected within the Forest of Avon
- We grow our trees in a peat free medium without the use of chemicals
- We can deliver individual specimens or orders of hundreds of trees
- If we don't have them in stock we will do our best to get them for you at the prices listed
- If you would like any trees/flowers that are not listed do ask and we will do our best to source them
- We have a selection of potted trees including large specimen trees – individually priced
- We can give advice on planting and aftercare
- You can order by phone or email or arrange to drop in and select the trees you want
- The team is happy to undertake woodland and hedgerow planting, aftercare, maintenance and other practical tasks
